

WM 2000 D

Fully automatic lines wrapping machine :

Automatic film inserting/cutting , soft start/stop , indexed stop, control **functions**

control by PLC

Motorized pre-stretch film fixed 250 % adjustable by control panel

Pallet height sensing photocell

Different wrapping cycles

Power supply: 3 Phase AC380V 50/60 Hz 2.5 Kw

Air pressure: 0.4 – 0.6 atm

max loading **Kg. 2000**

Diameter rotating group: 2000 mm

Rotating group speed: 0-10 rpm (adjustable)

Rollers table height : ≥ 450 mm (adjustable)

Rollers diam. 76 mm

touch screen

column height: h 2400 mm (optional 2000/2700/3000/3200/3400)

maximum height wrapping : column height – 400 mm

Weight machine 1400 Kg.

Packaging dimensions: 2000X2000X2000H

noise: ≤ 75 DB

motor CMP

gruppo taglio film
