

WM 700 A

Battery wrapping machine with **transpallet**:

Soft starting/stopping

control and management by PLC

Pallet height sensing photocell

Stretch film h 500 outside diameter 200 mm

Supply for charger the battery: single phase AC220V

50/60 Hz

Battery life: 8 hours

Maximum pallet diam.: 1400 mm

Maximum pallet height: 1700 mm

Maximum load of transpallet 2000 kg

Speed rotation arm: 10 rpm

Weight machine 360 Kg.

Machine dimensions 1780X1200X2235H
