

WM 800 B

Box stretch wrapping machine:

Soft starting/stopping

control and management by PLC

Pallet height sensing photocell

Motorized pre-stretch film

Stretch film h 250 outside diameter 280 mm

Stretch film h 500 outside diameter 280 mm

Management by PLC

Power supply : single phase AC220V 50/60 Hz 1.25 Kw

Air pressure: 0.4 – 0.6 MPa

Table diam: 400 mm

Height of the table above ground: 650 mm

Package Maximum diam.: 1000 mm

Package Maximum height: 1000 mm

Speed table: 0-20 rpm (adjustable)

Weight machine 110 Kg.

Machine dimensions :1400X600X2000H
