

## OMSTRAP

### WM 900 B luggage wrapper

Compact machine, easily transportable  
Voltage 220V single-phase 50 Hz 1.0 Kw  
Rotational speed 0~20r/min  
Table height 550mm  
Table width 400mm  
Package dimensions L (250~ 1200)\* W (200~400)\*H (250~1200)mm  
Film height 800mm  
LLDPE film, width<=500mm, external diam <=280mm  
Package dimensions L 1600xW600xH1740mm  
Peso lordo/Peso net 200kg/150 kg  
Noise ≤ 75DB  
Environment humidity ≤98, temperatures -10°-40°C

It can wrap a variety of objects even non-circular, such as airport suitcases, thanks to the ability to adjust the height winding automatically.

Control functions with PLC, reliable performance, easy operation, easy settings of winding parameters, fixed motorized film insertion.

Height control: photoelectric switch for height adjustment, gear switch and inverter control function, speed adjustment according to the type of object with simultaneous control of the degree of film tensioning, soft start and soft positioning button, so through a smooth film and an accurate position you prevent damage to objects, prevent dust and humidity according to the CE certification.

Colour RAL D389 grey 5013 blue

**OPTIONAL**  
Photocell for reading black cases
